

# Matching exercises

1 Do you know which tail belongs to the bear?

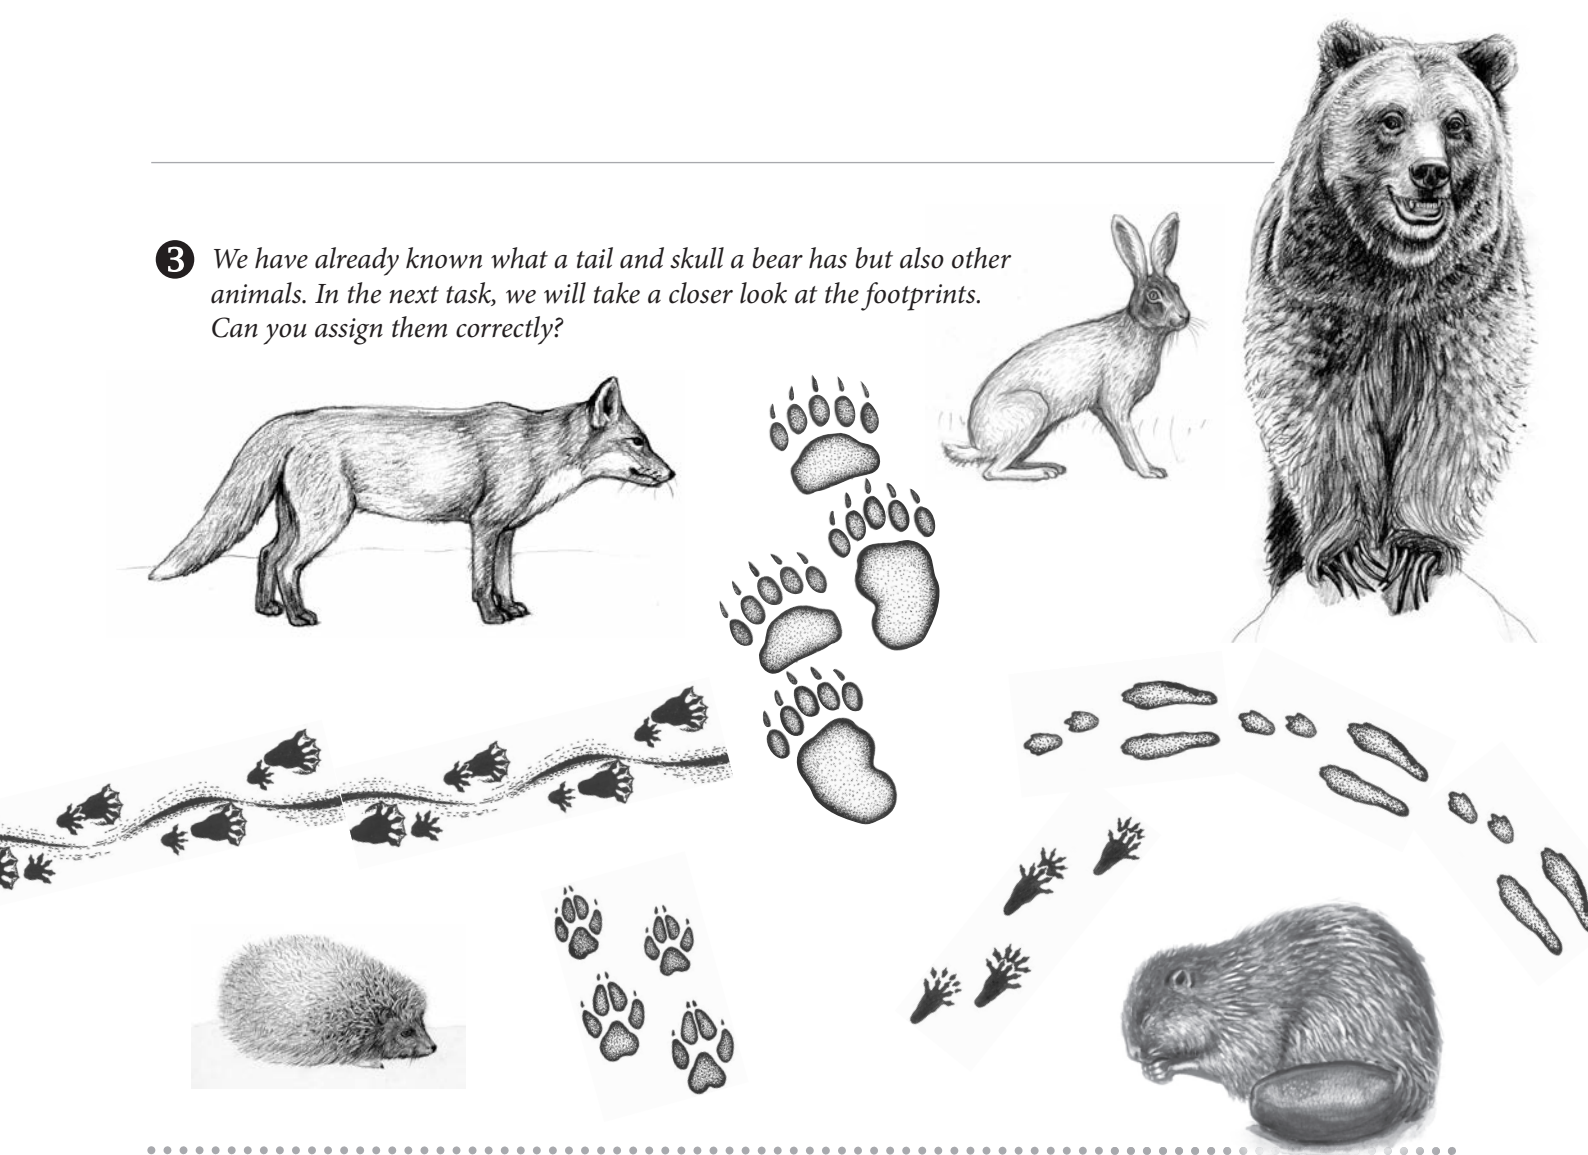

2 Find the skull of each animal.

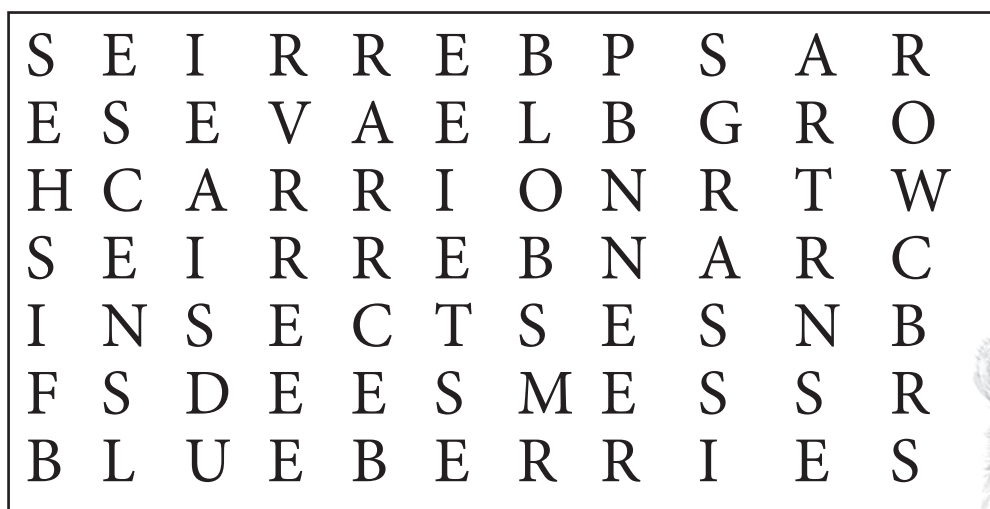

- 3** We have already known what a tail and skull a bear has but also other animals. In the next task, we will take a closer look at the footprints. Can you assign them correctly?

## Crossword puzzle

Do you know what a brown bear feeds on? Look for his food in the wordsearch puzzle, which hides a total of 10 words. The remaining letters form the solution.

European

--	--	--	--	--	--	--	--	--	--

... is the largest Czech beast, living very rarely in the Beskydy Mountains.

Become part of the wild nature!
